Memorandum

From: Darby Terrell, Planner

To: Transylvania County Transportation Advisory Committee

Date: April 8th, 2025

Meeting Date: April 15th, 2025

Subject: Approve the February 12th, 2024 Special Meeting Minutes

Contact Info: darby.terrell@transylvaniacounty.org or (828)884-1870

Attachment(s): 1. February 12th, 2025, Special Meeting Minutes

Purpose: Review and approve the special meeting minutes from February 12th, 2025 Transportation Advisory Committee Meeting.

Background: Meeting minutes are prepared after each TAC meeting and submitted to the Committee for their review and approval in accordance with North Carolina Open meeting law.

Financial Impact: None

Strategic Plan Goal & Strategy: Goal 6: "County government is service driven, transparent and performance based with more active and engaged citizens."

Strategy 6E: "Provide timely, accurate, transparent and informative communication to the public and across the organization with superior customer service delivery."

Recommendations: Staff recommends the Transylvania County Transportation Advisory Committee review and approve, or approve with modifications, the special meeting minutes from the February 12th 2025.

**TRANSYLVANIA COUNTY TRANSPORTATION ADVISORY COMMITTEE
MINUTES**

February 12, 2024, 6:00 PM

I. Welcome: Mr. Scott McCall called the meeting to order at 6:00 PM. Present were Mr. Scott McCall, Mr. Jimmy Whitmire, Mr. Ken Frady, Mr. Rick Lasater, Mr. Harold Paxton, and Mr. Keith Wilmont. Also in attendance were Mr. Howard Granat, Mr. James Felty, Mr. Troy Wilson, and Mr. Steve Williams from North Carolina DOT. Ms. Vicki Eastland, representative of the Land of Sky RPO, was present. Transylvania County staff present included Ms. Darby Terrell, Planner. Two members of the public were present.

II. Public Comment:

Larry Chapman: Mr. Chapman, attending as a citizen, shared a complaint received over a year ago from a concerned citizen. The complaint included pictures of what appeared to be NCDOT workers cleaning up around a bridge. One photo showed them picking up debris, while another showed them dumping it on the other side of the bridge. Mr. Chapman was unsure what could be done but wanted to inform the committee. (Attachment 2)

III. Agenda Modifications:

There were no agenda modifications.

IV. Consent Agenda:

A. Minutes (July 9, 2024)

The Chair, Mr. McCall, requested a motion to approve of the changes discussed, which were striking out Mr. Whitmire's nomination and another correction as the chair was Mr. McCall in the Consent Agenda paragraph, in the July 9, 2024 meeting minutes. Mr. Lasater motioned to approve the minutes with changes discussed, seconded by Mr. Wilmont. The motion passed unanimously.

V. Presentation

A. NCDOT i-40 and US 74A Update: Steve Williams

Mr. Steve Williams of NCDOT Division 14 presented an update on NCDOT's current goals and progress on roads and areas drastically impacted by Hurricane Helene. This included I-40 between Asheville and Tennessee, as well as Chimney Rock and Gerton for US 74A. Mr. Williams informed the board that NCDOT is on an aggressive two-year rebuilding plan for these areas and outlined the issues they are facing.

VI. Old Business:

A. Transylvania County Comprehensive Transportation Plan (CTP):

Mr. Williams updated the Committee that a draft was sent to the Land of Sky RPO and Transylvania County staff for their corrections and changes. He informed the Committee that many changes were needed by Daniel Sellers, which is why the draft hasn't been shared with them yet. The draft is still not ready for Committee review, hence only staff have reviewed it.

B. NCDOT Current Projects Update

Mr. Williams provided an update on current and upcoming construction projects. He mentioned that some construction dates might be pushed back and highlighted the last column created to show where certain projects landed in the 2026-2035 STIP Draft. He informed the Committee of projects that have been pushed out of funding and noted that the Division's total budget has increased, leading to a larger deficit, which was expected by NCDOT Division staff.

Mr. Williams reminded the Committee that projects appearing close to completion on the table are not yet closed due to vegetation around the projects. The road work is complete, but the project remains open until the vegetation aspect is finished. During the discussion, Committee members asked NCDOT clarifying questions about projects on the documents and others not listed

C. LOS RPO Updates:

Mr. Williams updated the committee on Prioritization, which occurs every two years. He informed the committee that they are about to start the process on P7 since the draft was just approved. Projects not committed next to them will need to be resubmitted for funding consideration. He stated there is a list of projects created for the county, which can be reviewed during this process.

Mr. Whitmire mentioned some roads that should be fixed. Mr. Williams explained that these roads haven't been considered due to lack of funding or not being flagged as safety areas due to crashes. He suggested reaching out to Mr. Wilson's office.

D. Transit Ridership: Yearly Numbers for Fixed Route and Demand Response

Ms. Darby Terrell presented charts and an update on the current state of Transportation. She informed the board of plans to change Fixed Route stops and the current survey open for public feedback. Ms. Terrell discussed improvements the department is trying to implement, including increased marketing, changing Fixed Route stops, and other ideas. During the discussion, members asked questions about driver feedback, areas needing service, and popular destinations.

VII. Public Comment:

Larry Chapman: Mr. Chapman asked Mr. Troy Wilson when NCDOT plans to fix Becky Mountain Road. Mr. Wilson responded that a contract should be in place within the next two to three weeks. He stated that if prices are reasonable, they can let the contract, but he is not optimistic due to higher construction prices seen for multiple storm repair projects.

VIII. Committee Members' Comments:

Jimmy Whitmire: Mr. Whitmire asked NCDOT questions on the FEMA debris pickup, due to him seeing a lot of piles left without proper cleanup. He wanted to know when Soil and Water could come to clean up instead. He is concerned that the next high water will wash away the piles. Mr. Whitmire wanted to know who oversees these crews.

Mr. Troy Wilson of NCDOT answered it is out of NCDOT's realm, the crews are not contracted out to NCDOT. Mr. Wilson also directed Mr. Whitmire to the County Manager Jaime Laughter, since she is the contact for FEMA debris pickup for the county. He cautioned Mr. Whitmire there are multiple phases of the debris removal and will take more than six months to a year at least. A discussion continued on this topic.

Harold Paxton: Mr. Paxton shared photos of the FEMA debris pile that Mr. Whitmire talked about. (Attachment 2)

Scott McCall: Mr. McCall mentioned the process for cleanup has stepped up since the visit from Trump. He mentioned the Army Corp of Engineers deadlines have been moved to June and July with some of the cleanup projects.

Mr. Chapman mentioned they had received an update in Asheville that the Army Corp has contracted out to three different contractors to focus on debris removal. Mr. Chapman warned them that Transylvania County will not be a top priority with so many other damaged communities in other counties. Mr. Chapman stated that they did receive a guarantee that the debris pickup will not be put in the County's landfill.

Multiple committee members and Troy Wilson began discussing more on the debris clean up and the processes that are being followed.

Mr. Lasater moved to adjourn the meeting. Mr. Wilmont seconded the motion. The motion passed unanimously, and the meeting was adjourned at 7:13 PM.

Attachment(s): None

Purpose: Receive an update on the North Carolina State Transportation Improvement Plan and SPOT 8.0 Prioritization from Vicki Eastland, Land of Sky RPO, and Mr. Steve Williams, NCDOT Division 14 Planning Engineer, and Troy Wilson, Division 14 District 1 Engineer.

Background: This is a routine update for the committee to stay informed on the status of future transportation projects and NCDOT funding statuses as it pertains to Transylvania County. Ms. Eastland will inform the Committee on where the SPOT 8.0 or Prioritization process is currently, as well as remind everyone this is the process that NCDOT uses to select County Road improvement projects. There are multiple ways for projects to be picked up and funded, most of which for Transylvania County will be under Regional or Division Needs sections.

Financial Impact: None

Strategic Plan Goal & Strategy: Goal 6: "County government is service driven, transparent and performance based with more active and engaged citizens."

Strategy 6E: "Provide timely, accurate, transparent and informative communication to the public and across the organization with superior customer service delivery."

Subject: Transit Update

Contact Info: darby.terrell@transylvaniacounty.org or (828)884-1870

Attachment(s):

1. Fixed Route Yearly Ridership Graph
2. Demand Response Yearly Ridership Graph

Purpose: Receive an update on the Transylvania County public transportation ridership numbers.

Background: This is a routine update for the committee to stay informed on the status of the public transportation that is provided by Transylvania County. Transylvania in Motion is the local public transit or transportation provider for the County. This update shows multiple years' worth of ridership for the Fixed Route, which is the local bus stop public transportation that is provided, and the Demand Response, which is the appointment scheduling paratransit and public transportation that is provided.

We closed out the Fixed Route Survey with close to 200 responses. We are now compiling the data we have received into a report which will be available at the next meeting.

The ride count for this past quarter has gradually increased, marking the end of the seasonal downturn. Fixed Route ridership saw a steady rise from January to March, increasing from 130 rides per month in January to 142 rides per month in March. Demand Response ridership also grew significantly, as anticipated, from 1,245 rides in January to 1,699 rides in March. Notably, the March figures for Demand Response are the second highest in the past four years.

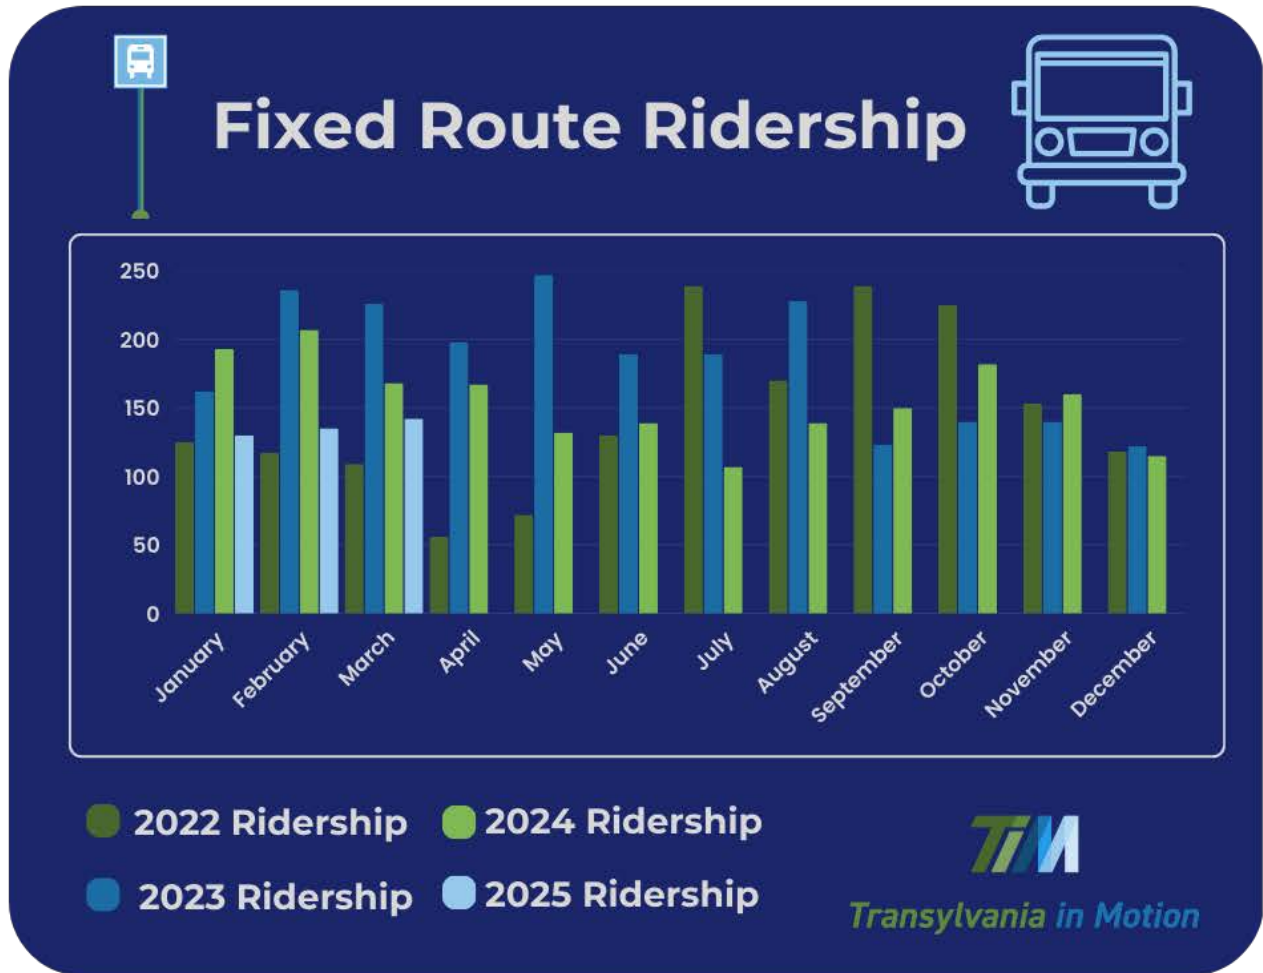

Financial Impact: None

Strategic Plan Goal & Strategy: Goal 6: "County government is service driven, transparent and performance based with more active and engaged citizens."

Strategy 6E: *“Provide timely, accurate, transparent and informative communication to the public and across the organization with superior customer service delivery.”*

Elevate 2050

Community Engagement for Safe Streets for WNC + Elevate 2050

Safe Streets for WNC

Interested in learning about roadway safety in WNC? Have thoughts or ideas to share about traffic, taking the bus, walking, or biking? Help us develop Safe Streets for WNC, a new plan to improve roadway safety in the region.

Elevate 2050

Provide feedback on the draft project list and scoring approach for projects. Help us improve all types of transportation in the Asheville region for the next 25 years!
