A Push to Lock Up Guns in NC Homes

<https://www.northcarolinahealthnews.org/2018/04/16/a-push-to-use-gun-locks-in-nc-homes/>

(Brevard, NC Police Chief Phil) Harris is one of several volunteers who helped develop a new statewide gun-safety project supported by the state's Child Fatality Task Force. The initiative steers clear of anything as controversial as new gun control measures. Instead, it would educate gun owners about an existing law that requires them to keep guns out of the hands of unsupervised children. The initiative would hand out gun locks too, to help get them get the job done.

Bear Arms

www.beararmsbrevard.com

The 7 Habits of Highly Depolarizing People- David Blankenhorn

1. Criticize from within
2. Look for goods in conflict
3. Count higher than two
4. Doubt
5. Specify
6. Qualify
7. Keep the conversation going

Moms Demand Action for Gun Sense in America

www.momsdemandaction.org

Moms Demand Action supports the 2nd Amendment, but we believe common-sense solutions can help decrease the escalating epidemic of gun violence that kills too many of our children and loved ones every day. Whether the gun violence happens in urban Chicago, suburban Virginia, or rural North Carolina, we must act now on new and stronger gun laws and policies to protect our children.

Transylvania County NAACP

www.transnaacp.org

The NAACP of NC is well known for its moral mission to help create justice for all: black and all people of color, women, LGBTQ people, immigrants, workers, those needing affordable health care, seniors, students and all who suffer from economic unfairness. The Transylvania County chapter has worked especially on behalf of public schools, racial justice, accessibility of health care for all, voter registration, and the building up of a strong public moral conscience, including fostering community commitment to gun safety.

Transylvania County Project Empathy

<https://tinyurl.com/Project-Empathy-TC>

Project Empathy exists to:

- Promote opportunities for sharing life experiences and perspectives and celebrating our uniqueness
- Foster and promote opportunities for educational and occupational enrichment
- Understand our shared humanity and work toward a greater sense of belonging and respect
- Raise community awareness and understanding of empathy and be a model of inclusivity
- Encourage collaboration, innovation and problem-solving
- Respect our differences and support ways to build bridges to connect us
